Automated Tithes & Gifts

Many banks offer a free or minimally-priced online bill payment service that is associated with the customer's regular checking account. It is a simple payment method for customers to set up payees and have payments made on their behalf. Customers with online bill payment services have the ability to make payments directly to a payee on a regular basis, either automatically or as needed. This option saves the customer time as well as postage expense, as the bank sends a check or automated payment to the payee, on behalf of the customer, at little or no cost.

If your bank does not offer an online bill payment service, you may visit Consumer Search for other options: <http://www.consumersearch.com/www/internet/online-bill-paying/>

Please verify your online bill payment service, and be sure it is properly set up before proceeding.

Once you have set up and verified your online bill payment service with your bank, you can submit your tithe and any additional gifts to this ministry through your personal bank's online bill payment service:

1. Indicate "Harvest Fellowship Church" as your payee.
2. Specify your name as the account number.
3. Use the following information for the payee address:

Harvest Fellowship Church

**PO BOX 65
LEEDEY, OK 73654**

4. Your bank will send Harvest Fellowship Church the payment, and we will record it towards your giving records just as if you had written the check yourself.

Notes:

Your tithes, gifts and financial support to this ministry are vitally important and gratefully acknowledged. We encourage you to use whatever method of payment you feel best accomplishes the goal of submitting these financial offerings to this ministry. If we can be of any assistance in helping you set up a method of payment, please feel free to contact the church office directly: **(580) 488-3130**

Thank you for your consideration and generosity!

Please remember to request a tax-deductible receipt for your contributions to this ministry.
