

WHAT WE DO

Matthew 9:37-38

Theocratic model of church government

Our church government is a balance between a singular head (Senior Pastor) and plural leadership (Elders). Unity results from confirmed and clarified direction within the elder body and is appropriately communicated to the congregation.

Healthy, growing, reproductive ministries

We strive for a healthy church environment. As a result of health, a church that is growing both spiritually and numerically.

Aggressive prayer, evangelism, and outreach

We emphasize a praying lifestyle in all ministries, maintain a multi-faceted evangelism strategy, and a Christ-centered, caring outreach through local community and area involvement.

Spirit-inspired, relevant preaching and teaching

We preach & teach the whole counsel of God in grace and truth. We preach and teach for a response and equipping for everyday life. We believe God's Word is simple, meaning it is both practical and applicable, reaching right where every person lives, addressing the issues of everyday life.

Spirit-inspired, active praise and worship

We encourage participatory and expressive worship with boundaries, and we promote a lifestyle of praise and worship.

Equipping the saints for the work of the ministry

We equip and release the church body to do the work of the ministry through small group ministries and outreaches.

Compassionate Biblical counseling

The Word of God is our guide and standard. The focus is on spiritual, emotional, and mental wholeness through healing and restoration, not coping.

Being positive, God-focused, charged with faith, and aggressive in fulfilling His will and representing His Kingdom

We believe that faith looks beyond our own resources and abilities, that God assigns us work that is greater than we can accomplish with human effort to ensure dependence upon Him, and that our communication must represent positive confidence and faith in God's work.

Giving generously to expand God's Kingdom

We understand that God's Kingdom work is beyond the scope of an individual or group. We believe that God increases us as we give our resources and information to heal, educate, and equip the Body of Christ. As we give, He will give us more.

Doing all things with excellence

Whereas perfectionism can never be satisfied until things are perfect, excellence is a spirit committed to do the best it can, with available resources and to constantly seek to learn and improve.

Maintaining a balance of God's Word and Spirit

We believe that grace and truth must operate together with the understanding that God's Spirit is deeper than human logic but never violates His own Word.

Prioritizing relationships, Christ-like agape love (unconditional love) at every level of church government, ministry, fellowship, and outreach

We believe that healthy relationships with God and man are the basis and foundation for ministry and set us apart from the world and exalt Jesus Christ to all who need hope.
